

Club Equipment

1. Introduction

This document summarises the main points of using the clubs pooled equipment.

2. Use of Club Equipment

The following advice is taken from the general guidance given to clubs by the BMC:

- Pooled equipment is used at the individuals own risk.
- The individual should check to make sure any pooled equipment that they borrow is safe to use and is appropriate for its intended purpose. **Check it before you use it.**
- If you do not have the experience to check the equipment don't use it - **Seek advice.**
- If you damage the equipment during use tell the club committee upon return.
