## Activities:

Portland is a prime sport climbing area with multiple cliffs across the grade range. Access is generally via paths and short fixed ladders rather than abseil. It is also on the Jurassic Coast with beautiful walks along the coastal paths and the sea is there for a swim after climbing or other activities. You could even paddle board.

MKMC is an inclusive club; we want all members to enjoy their activities safely. Club members (and their guests) are reminded that it is their responsibility to inform members of the party that they go out with each day of any medical issues, which may have an impact on either the safety of the person with the condition, or the safety of the group they are with.
